

Enterprising (en'ter-pri'zing) adj. *Marked by an energetic spirit and a willingness to take daring action*

“I did things I never thought I could do.”

The Bay Area School of Enterprise was created in 2001 by a team of youth and adults who wanted to reach students who were unsuccessful or unchallenged in traditional schools.

The first youth-initiated charter high school in the country, BASE provides an environment in which youth take ownership of their own learning and change their own lives as they change the community around them.

At BASE, each youth creates an individual plan incorporating enterprise (project-based) learning, internships, and small group instruction, appropriate to the way each individual best learns.
